

Changement de mot de passe SSH avec Mac :

(Le mot de passe provisoire est à changer à la première connexion, ou il est arrivé à expiration, ou il a été changé sur lalad3) :

A terminal window titled 'thomas — -bash — 80x24' with three colored window control buttons (red, yellow, green) in the top-left corner. The terminal output shows a user logging in to a remote host, receiving a password expiration warning, and successfully changing their password.

```
thomas — -bash — 80x24
